

Virginia Department of Health COVID-19 Point of Care (POC) Portal

Registration Guide

The Virginia Department of Health COVID-19 POC portal allows health care professionals, who are unable to report electronically via HL7 or flat file, the ability to submit rapid COVID-19 test results through this portal to meet the COVID-19 reporting requirements.

1. To create an account for your facility, please click on “[Enroll Here.](#)”

Note: Users may now register multiple facilities to their own account and under one email address.

The screenshot shows a login form with a dark blue header labeled "Login". Below the header are two input fields: "Username" with a person icon and "Password" with a lock icon. A "Sign In" button is positioned below the password field. Red asterisks are visible at the end of both input fields.

WELCOME!

Virginia Department of Health COVID-19 Point of Care (POC) Test Reporting Guidance

The Virginia Department of Health COVID-19 POC portal allows health care professionals, who are unable to report electronically via HL7 or flat file, the ability to submit rapid COVID-19 test results through this portal to meet the COVID-19 reporting requirements.

What is Point of Care testing?

Point of Care testing is medical diagnostic testing conducted outside of a traditional laboratory setting that occurs at the time and place of patient care (i.e., physician's office, pharmacy, nursing home, etc.).

A screenshot of a web portal's login interface. The title 'Login' is at the top left. There are two input fields: 'Username' and 'Password'. Each field has a small red asterisk on the right side. Below the password field is a dark blue button with the text 'Sign In' in white.

Note: You will not be able to log in to the POC portal until your facility has been approved and you have received your temporary password via email!
